

Team Improvement Plan 2019-2020

Wainwright Primary Academy

Team: Pupil Premium

Numbers on role Sept 2019 -20	408
Number of pupils eligible on role:	120
Percentage of pupils eligible for PP funding	29%
Total budget allocation	£171,780
Nominated member of LAMB	Abigail Hawkins
PP lead	Claire Gledhill

What is Pupil Premium funding?

The pupil premium is additional funding for publicly funded schools in England.

It's designed to help disadvantaged pupils of all abilities perform better, and close the gap between them and their peers.

Pupil premium funding is available to:

- schools maintained by the local authority, including:
 - schools for children with special educational needs or disabilities
 - pupil referral units (PRUs), for children who can't go to a mainstream school
- [academies](#) and [free schools](#), including:
 - academies for children with special educational needs or disabilities
 - alternative provision (AP) academies, for children who can't go to a mainstream school
- voluntary-sector AP, with local authority agreement
- non-maintained special schools (NMSS), for children with special educational needs as approved by the Secretary of State for Education under [section 342 of the Education Act 1992](#)

In the 2018 to 2019 financial year, schools will receive the following funding for each pupil registered as eligible for free school meals (FSM) at any point in the last 6 years:

- £1,320 for pupils in reception to year 6
- £935 for pupils in year 7 to year 11

Schools will receive £2,300 for any pupil:

- identified in the January 2018 [school census](#) or the [alternative provision census](#) as having left local authority care as a result of:
 - adoption
 - a special guardianship order
 - a child arrangements order (previously known as a residence order)
- who has been in local authority care for 1 day or more

- recorded as both eligible for FSM in the last 6 years and as being looked after (or as having left local authority care)

For pupils who attract the £2,300 rate, the [virtual school head](#) of the local authority that looks after the pupil will manage the funding.

What does the data suggest for priorities for the next academic year?

Strategy 2019-20

Investment in Early Years

School leaders identified investing in Early Years as a critical aspect for diminishing differences for Disadvantaged pupils – based on EFF research. There is a significant financial investment in the Early Years classes for both staffing and provision, and both the Principal and Teaching and Learning Lead have a secure knowledge and understanding of best practice in Early Years.

- Leaders spend significant time within the EYFS settings.
- Children and staff are observed regularly and barriers identified swiftly and robustly acted upon.
- Leaders ensure that the provision is enabling children to overcome these barriers and the support and curriculum are meeting their needs.
- The school invests significantly in high quality Speech and Language support focused specifically on the EYFS and have their own trained staff, dedicated to engage in intervention within the classroom to address these early learning barriers.

Early Years Foundation Stage/Communication and Literacy

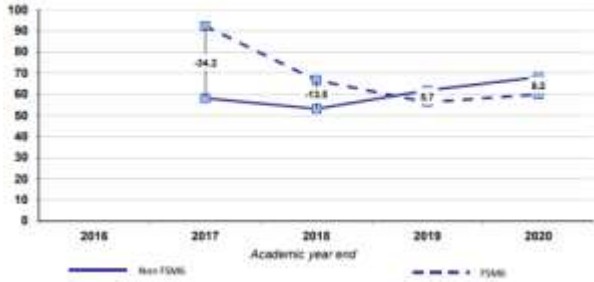

The school has identified literacy and communication as the most consistent barrier to learning for their disadvantaged pupils and have spent time and energy developing whole school approaches to supporting children in overcoming these challenges. Weak vocabulary, language barriers due to having English as an additional language, poor role models, a lack of cultural capital and experiences and a resistance or hesitancy to engage in literacy are the key issues their disadvantaged pupils were facing.

Foundation Stage	What?	How?	Cost	Impact?
% Eligible Nursery = 1/3% Reception = 13/33%				

Objective: To make progress in all areas

Objective:

Develop leader's knowledge of Pupil Premium funding and the needs of	EY leader to identify the pupils in the EYFS who have PP funding. EY leader to have a good understanding of the barriers to learning that these pupils face.	EY leader to receive up to date information what strategies have the greatest impact to support PP from	NA	Progress of PP pupils key action on Early Years action plan and planned interventions.

Review	<ul style="list-style-type: none"> - Gap between All and FSM is smaller than that of the local authority. - FSM pupils doing better in some ELGs and worse in others compared to ALL pupils. - Pupils come into EYFS with very low starting points. - Due to Covid there is still a need to embed the role of the EYFS lead in Achievement Teams and to ensure that PP pupils is a key part of the agenda. 																															

The Quality of Education: Relentless Focus on Quality First Teaching

An absolute focus on teaching and learning. Leaders are passionate about their intrinsic role of ensuring that all teaching is at least good and strive for outstanding teaching across the school.

Leaders at all levels are leaders of learning. Modelling and promoting best practice is a key part in all of their roles, and their passion for excellent teaching is both obvious and instrumental in ensuring that their vision is achieved. The school maintains a relentless focus on the quality of teaching and invests in ensuring that their policies and procedures enhance practice and ensure consistency.

- There are embedded systems and structures to the Quality Assurance processes inform every element of practice within the school, continually developing and shaping the future actions in a timely manner.
- The needs of all staff are analysed from effective monitoring, and bespoke packages of CPD are designed to continually improve practice.

- The school has invested significant time in developing their marking and feedback policies and have consulted widely, researched and trialled a range of strategies to ensure that their feedback to pupils is effective and making a significant impact.
- There is a whole school, consistent and embedded approach to teaching pupils about learning: learning about learning and thinking about thinking is entrenched in the daily practice of all the teachers. The schools promote metacognition and use it as a tool for developing pupil independence, learning confidence and strategies for learning.

Leaders are outward facing and display a thirst for collaboration, sharing best practice and developing new and innovative approaches to teaching and learning. Middle Leaders play an essential part in implementing and monitoring new ideas, visiting other schools and investigating what is working well.

Objective: To raise aspirations amongst disadvantaged (PP) cohort				
Provide disadvantaged pupils with increased cultural capital and raise aspirations.	Pupils at Wainwright had low aspirations at the beginning of the academic year.	<p>Aspirations project.</p> <p>Establish links with Nottingham university to get onto their Aspirations projects or build a partnership.</p> <p>Cost of trips to ensure that this is not a barrier to their access to the curriculum.</p> <p>Through pupil dialogues it will be clear that pupils' aspirations will increase and they will be more knowledgeable about the idea of a career path.</p> <p>A lack of money will not be the barrier to stopping PP pupils accessing enrichment activities, such as trips and residential trips</p>	£500	The aspirations project happened in the first term 'inhouse' led by Nottingham University but there were no trips out to them in spring and summer due to Covid.
Review	<ul style="list-style-type: none"> - The gap in progress and attainment between PP and non-PP continues to diminish in reading at KS2 - KS1 outcomes – gap is -9% for Re, Wr, Ma combined but at the end of Foundation Stage the gap was -13.5% so the gap has 			

	<p>diminished.</p> <ul style="list-style-type: none"> - The aspirations project happened in the first term there were 'in house' whole school assemblies led by Nottingham University but there were no trips out to them in spring and summer due to Covid. - -18% gap in maths KS2 outcomes needs addressing - Targeted teaching at years 1,4,5 through interventions is improving outcomes.

<h1 style="color: #4F81BD;">PDBW</h1>				
	<p>What?</p>	<p>How?</p>	<p>Cost</p>	<p>Impact?</p>
<p>Objective: Improve attendance of PP pupils, in particular PA</p>				
<p>Behaviour and Attendance</p>				
<p>Attendance remains a priority. Persistently absent pupils continue to be our primary focus.</p>				

Decreased PP PA % throughout academy	<p>Summer 1 2019 PP PA = 12.4% (+1.4%) @ 17.5.2019</p> <p>PP PA on track to be under 11.0% at end of summer term 1 (24.5.2019)</p> <p>IDACI data suggest that WPA would be in the region of 95.2% overall and 11.1% PA across whole cohort.</p> <p>Significantly, the gap between PP/FSM persistent absence and non-PP/FSM has diminished to well below the NA, and has in fact, virtually closed when Overall attendance is compared.</p> <p>Current difference is under 0.25% - compared to a NA disadvantage gap of 4%.</p>	<p>Employ a dedicated non-teaching PDBW lead to drive standards across all aspects of this area.</p> <p>Monitor attendance of all PP children with weekly checks in order to implement quick action where necessary & ensuring an understanding of why children don't attend.</p> <p>The attendance of disadvantaged children is rigorously tracked & off track pupils are identified early.</p> <p>Support is given to the families initially through an attendance meeting which may lead to an EHAF, TAF, CPP being put in place.</p>	20,000 5,000	Summer 2020 = 12.8% (last full week before Lockdown)
Review	The academy has seen sustainable improvement in headline attendance figures based on the forensic attention to PA vulnerable children / families. The academy is above average in all indicators for a 10-20% IDACI decile catchment.
